Dear Expert,

The purpose of this message is to enquire about your willingness and availability to assist us with the evaluation of proposals submitted in response to the Horizon 2020 Societal Challenge 2 Call Sustainable Food Security 2016.

Your expertise would be needed for the topic *SFS-45-2016: Increase overall transparency of processed agri-food products (EU-China Food, Agriculture and Biotechnology Flagship initiative)*.

The link takes to you the topic on the Participant Portal where you will also find other information and reference material

<https://ec.europa.eu/research/participants/portal/desktop/en/opportunities/h2020/topics/5131-sfs-45-2016.html>

The deadline for the initial submission of proposals is 17 February 2016 at 17.00.00, Brussels local time. Subsequently, an evaluation session for the proposals submitted under that call will be organised by the Research Executive Agency, with the assistance of external independent experts (you). The evaluation of the proposals will be carried out, for this stage, fully and only in remote (no travelling, no meetings in Brussels).

Dear Expert,

The European Commission departments are preparing the evaluation of proposals to be submitted in the context of Horizon 2020 – Work Programme 2016-2017 - Health, demographic change and well-being – Call Personalised Medicine, due to take place in April and May 2017.

We would like to know if you are interested and available to act as an **Evaluator** in this topic:

**SC1-PM-16-2017: In-silico trials for developing and assessing biomedical products:**  
<https://ec.europa.eu/research/participants/portal/desktop/en/opportunities/h2020/topics/sc1-pm-16-2017.html>

The evaluation will be carried out in two phases and, if you wish to participate as an evaluator, we would like you to **block your agendas for the following periods:**

- **1<sup>st</sup> phase (remote evaluation): from 3 to 30 April 2017.** Each evaluator will assess proposals individually at her/his own working place. Please be prepared to spend approximately 3-6 days (or slightly more) to read and assess your proposals (the actual number of days will depend on the number of proposals assigned to you).
  
- **2<sup>nd</sup> phase (central evaluation in Brussels): from 29 May to 2 June 2017,** where evaluators will discuss and rank the proposals in consensus and panel meetings.

In addition, we kindly remind and invite you to **update your CV in the H2020 Expert Database:** <http://ec.europa.eu/research/participants/portal/desktop/en/experts/index.html>
